

I do not believe that you have the right to restrict the use of Satellite Radio as we have the right to listen to what we pay for with our after tax dollars. It is always the way of mr greed to thwart the efforts of free peoples. XM radio is here to stay, and they provide a service that I as a listener enjoy and use to make my life more enjoyable. I respectfully request tat you reject NAB's petition 04-160 and send it to the trash can where it belongs. I would appreciate it if you supported XM's Radio position and continued to allow us the choices we as americans deserve.
